2018 Homeland Education Program for Overseas Koreans Recruitment Guide

The National Institute for International Education (NIIED) is a division of the Ministry of Education in Korea established for the exchange and cooperation of international education. This government agency plans the Homeland Education Program for Overseas Koreans and selects, manages, and assesses the program participants.

Kongju National University has established and operated the Institution of Korean Culture & Education for the specialization of education overseas Korean as a professional secondary teacher training institution and operates and manages (class and student) the Homeland Education Program for Overseas Koreans.

'The Homeland Education Program for Overseas Koreans' is an educational program specially designed for overseas Koreans only. It is comprised of diverse special programs such as field trip, exchange with the locals and college students, club activities, and classes regarding Korean language, culture, and history. Accomplishing 90% or higher in satisfaction through support from the formation of a global network for overseas Koreans and career guidance, the program is **the nation's only long-term education program for overseas Koreans.**

■ Educational Objective

To train the practical Korean language proficiency needed for understanding the homeland, the ability to adapt to the future international society, and to foster the world citizens who will be active in international society by equipping students with wide knowledge as the Korean people through the mastery of Korean history & cultures
